Pintu Says Thank You!

After a week, Doodle and Noodle come to meet Pintu. "Thank you!" they hear a voice.

Surprised, they look down and see that Pintu has grown more leaves! It thanks them for taking such good care of it. Doodle and Noodle feel happy.

They realise how nice it feels when someone says, "Thank you." From that day, they start saying thank you to each other and to everyone who helps them.

The Big Idea

We are transforming children's learning experiences with an innovative book that ignites curiosity and creativity.

Each story acts as a trigger. It grabs their attention and gets them interested in book reading.

It strives to motivate children to grasp concepts on their own and relish the adventure of discovery.
